

Interested in helping vulnerable debtors?

Zacchaeus 2000

We train volunteers to help those on low incomes who face court proceedings by acting as a McKenzie Friend, a court recognised non-legal supporter. Our volunteers are often individuals who would like to work with us as Z2K volunteers in London, or community groups throughout the UK or individuals who are already in touch with deprived people and families and would like to set up a local team. If you think you or your community group might be interested, why not come on one of our courses or ask us to organise one for your group.
